

26<sup>th</sup> May 2026

Dear Incoming 1<sup>st</sup> year Parent(s)/Guardian(s),

As part of our ongoing review of the school uniform, we are making some changes for incoming first years for the school year 2026/2027. For several years, the school has offered a school jacket which students can avail. From 2026/2027 onwards for 1<sup>st</sup> year students, the school jacket will be compulsory. These jackets have been ordered and will be available in school in August. The jackets have been subsidised by the school and will cost €20 per student. The jacket is tailored for the school and will be the only jacket which 1<sup>st</sup> years will be permitted to have in school.

To process the order, I will issue a link via text message, which you can respond to for sizing. If you are not sure of the size, you are free to call to the school to fit a jacket. Collection and fitting will take place in August, and your son/daughter will get the correct size of jacket. The €20 fee has been added to vsware and can be paid at any time or when you collect the jacket in August.

With Kind Regards,

Yours sincerely,
